**PROPOSED COMMITTEE ACTION**

Approve the Notice of Intent to Amend Regulation 7.001

**AUTHORITY FOR BOARD OF GOVERNORS ACTION**

Article IX, Section 7(d), Florida Constitution, Board of Governors Regulation Development Procedures

**BACKGROUND INFORMATION**

Regulation 7.001 is being amended to align with House Bill 5601E, passed by the legislature on May 29, 2026. The amendment allows the Board of Governors to withhold approval of out-of-state fee increases if the State University System is out of compliance with the systemwide limitation on enrollment of nonresident undergraduate students pursuant to Board Regulation 7.006. Each university must annually update its accountability plan with the actual percentage of nonresident undergraduate degree-seeking students enrolled during the prior year. If, in any given year, the Board determines a university enrolled a greater percentage of such students than projected, the Board will require corrective action, including, but not limited to:

1. A revision to the university's accountability plan;
2. An enrollment reduction plan; or
3. Reduction of such university's undergraduate out-of-state fee.

House Bill 5601E is subject to the Governor's approval.

The regulation has been shared with the universities.
