BACKGROUND INFORMATION

The Board of Governors, Office of Inspector General and Director of Compliance (OIGC) follows the *Global Internal Audit Standards* when conducting internal audits in accordance with section 20.055(6)(a), Florida Statutes. The Standards require internal audit offices to have a strategic plan. Standard 9.2 places the responsibility on the chief audit executive to develop and implement a strategy for the internal audit function that aligns with the organization's or agency's strategic objectives and stakeholder expectations.

At its March 2025 meeting series, the Board of Governors approved the OIGC's Strategic Plan that aligns with the SUS30 Strategic Plan for the System. The Board of Governors' Inspector General and Director of Compliance, Julie Leftheris, will report on the OIGC's performance metrics outlined in the plan.
