

**FLORIDA BOARD OF GOVERNORS  
NOTICE OF PROPOSED AMENDED REGULATION**

**DATE: June 24, 2026**

**REGULATION NUMBER AND TITLE: 8.013, Specialized Admissions**

**SUMMARY:** Board of Governors' Regulation 8.013, Specialized Admissions, allows universities to establish additional criteria for admission to undergraduate programs that meet certain criteria, including limited resources and minimal skills. The regulation outlines the process and timeline for seeking reaffirmation at the end of the approval period.

Currently, Regulation 8.013 requires undergraduate academic programs with specialized admissions status that require students to demonstrate minimal skills to reaffirm this status every five years. Board staff propose an amendment to allow programs with specialized admissions status requiring students to demonstrate minimal skills to maintain specialized admissions status, unless the admission requirements change. Additionally, several technical changes are proposed to enhance the overall readability of the regulation.

**FULL TEXT OF THE REGULATION IS INCLUDED WITH THIS NOTICE.**

**AUTHORITY TO PROPOSE REGULATION(S):** Section 7(d), Art. IX, Fla. Const.; BOG Regulation Development Procedure dated March 23, 2006.

**THE BOARD OF GOVERNORS' OFFICIAL INITIATING THE PROPOSED REGULATION:** Emily Sikes, Vice Chancellor of Academic and Student Affairs

**COMMENTS REGARDING THE PROPOSED REGULATION SHOULD BE SUBMITTED WITHIN 14 DAYS OF THE DATE OF THIS NOTICE TO THE CONTACT PERSON IDENTIFIED BELOW.** The comments must identify the regulation on which you are commenting:

## 8.013 Specialized Admissions

(1) Specialized admissions status allows the university to establish additional criteria for admission to undergraduate programs. The Board of Governors may approve certain undergraduate degree programs as specialized admissions programs upon request by the university board of trustees if the programs meet one or more of the following ~~criteria, categories~~:

- (a) Limited resources: The number of students who meet all the requirements for admission to the university and to the program ~~are~~ is in excess of available resources such as: space, equipment, or other instructional facilities; clinical facilities; required student-faculty ratios; and fiscal or other resource limitations. ~~In the case of such programs, selection for admissions shall be competitive.~~ The university must submit a plan and timeline for increasing capacity to meet student demand and/or workforce needs, or a sufficient rationale for why capacity cannot be increased, as part of the initial and renewal applications. Programs approved with this status:
- ~~1. May use additional Admissions criteria for undergraduate programs approved based on this criterion that may vary from academic year to academic year, depending on program capacity. Criteria~~ Any changes to admissions criteria should also be reasonable, taking into consideration prospective program applicants, including transfer students, who may need to make adjustments to meet the new criteria.
  - ~~2. Must reapply for Undergraduate programs approved by the Board of Governors for specialized admissions due to limited resources will receive this status for a maximum of every four years. At the end of four years, the university may reapply for specialized admissions status. If the university does not reapply at the end of four years, the status shall be removed, and the university may no longer utilize additional criteria for admission to the undergraduate program.~~
- (b) Minimal skills: The undergraduate program is of such a nature that applicants must demonstrate through an audition or submission of a portfolio that they possess the minimum skills necessary for them to benefit from the undergraduate program. Once a program is approved for specialized admissions that meets the minimum skills criteria, it does not require reaffirmation unless the admission requirements change.
- ~~1. Undergraduate programs receiving Board of Governors approval for specialized admissions because minimal skills are necessary will receive this status for a maximum of five years. At the end of five years, the university may reapply for specialized admissions status. If the university does not reapply at the end of five years, the status shall be removed, and the university may no longer utilize additional criteria for admission to the undergraduate program.~~
  - ~~2. If the undergraduate program is accredited by a national, state, regional, or programmatic body that imposes requirements or limitations that necessitate~~

~~the use of additional admissions criteria, the undergraduate program must also meet the criteria outlined in (1)(a) or (1)(b) to be considered for specialized admissions status.~~

~~3. Undergraduate programs receiving Board of Governors approval for specialized admissions because of regulating body requirements and either (1)(a) or (1)(b) will receive this status for the maximum number of years associated with either (1)(a) or (1)(b). If the university does not reapply, the status shall be removed, and the university may no longer utilize additional criteria for admission to the undergraduate program.~~

(2) Undergraduate programs may have the following admissions requirements without seeking specialized admissions status.

(a) Prerequisite courses and minimum grades in prerequisite courses. The establishment of prerequisite courses and grades in prerequisite courses must adhere to requirements established in Regulation 8.010, Common Prerequisites.

(b) Admission requirements and standards established in Florida Statutes.

(3) Undergraduate degree programs approved by the Board of Governors for the Programs of Strategic Emphasis Waiver are not eligible for specialized admissions.

~~A plan and timeline for increasing capacity to meet student demand and/or workforce needs or sufficient rationale as to why capacity cannot be increased must be submitted with the application for the following undergraduate programs.~~

~~Undergraduate programs requesting Board of Governors approval for specialized admissions based only on the criteria in (1)(a).~~

~~Undergraduate programs requesting Board of Governors approval for specialized admissions that are classified as a Program of Strategic Emphasis at the time of application submission or renewal application submission.~~

(54) Selection criteria for admission into specialized admissions programs shall be appropriate indicators of academic ability, creativity, or talent to perform required work within the program and of the potential for success. Selection criteria shall not discriminate against students on the basis of race, color, national origin, disability, religion, sex, or socioeconomic status. Selection criteria shall not disadvantage Associate in Arts graduates from Florida public postsecondary institutions in favor of students who are currently enrolled at a State University System institution. Qualified Associate in Arts graduates from Florida public postsecondary institutions shall receive priority for admission to such specialized admissions programs over out-of-state and transfer students from private institutions.

(a) Selection criteria for specialized admissions programs shall be publicized in catalogs and all other sections of the university's public-facing website that provide information about the program, and in any non-public websites or applications that provide information about the undergraduate program with

sufficient time for prospective students to prepare to meet the criteria.

- (b) Each university shall advise students who meet the minimum requirements for admission to the upper division of a state university, but are denied admission to specialized admissions programs, of the availability of similar programs at other State University System institutions and the admission requirements of such programs.

(65) Monitoring and Reporting Requirements: Each State University System institution is required to ~~annually review and certify~~ verify admission requirements annually for approved specialized admissions programs ~~with~~ to the Board of Governors' Office.
