AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution; Section 1001.706, Florida Statutes

BACKGROUND INFORMATION

Board of Governors' Regulation 2.002, University Accountability Plans, outlines requirements for university planning and performance monitoring that include submissions of annual accountability plans designed to inform strategic planning, budgeting, and other policy decisions for the State University System.

Board staff propose an amendment to align the regulation with the changes proposed by House Bill 5061 during the Special Legislative Session E. The proposed amendment requires universities to provide their projected out-of-state enrollment percentages for nonresident, degree-seeking students pursuant to Regulation 7.006 for upcoming academic years. The amendment also makes technical edits to align Regulation 2.002 with Regulation 8.011.

The Board approved the public notice of intent to amend this regulation on June 25, 2026. The amended regulation was available for public comment, and no public comments were received. The amended regulation is ready for final approval.
