- (e) Acceleration – Each university board of trustees shall waive tuition and associated fees for eligible secondary, or home educated, students who enroll in postsecondary courses that are creditable toward both a Florida high school diploma and an associate or baccalaureate degree. Early admission is a form of dual enrollment through which eligible secondary students enroll in a postsecondary institution on a full-time basis in courses that are creditable toward the high school diploma and the associate or baccalaureate degree.
- (f) Florida Department of Children and Families - Each university board of trustees shall exempt from the payment of tuition and associated fees, including lab fees, any student who is or was at the time he or she reached the age of 18 in the custody of the Department of Children and Families or a relative or nonrelative under section 39.5085, Florida Statutes; who was adopted from the Department of Children and Families after May 5, 1997; or after spending at least six (6) months in the custody of the Department

of Children and Families after reaching 16 years of age. Additionally, material and supply fees and fees associated with enrollment in career-preparatory instruction shall be exempted. Any student requesting this exemption must provide certification of eligibility from the Department of Children and Families or its contracted providers to the university in which the student seeks to enroll. This exemption shall remain valid up until the time the student reaches the age of 28.

- (g) Homeless – Each university board of trustees shall waive tuition and associated fees for any student who lacks a fixed, regular, and adequate nighttime residence, excluding university housing, or whose primary nighttime residence is a public or private shelter designed to provide temporary residence for individuals intended to be institutionalized, or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

In situations where admissions or financial aid application deadlines preclude providing a DD-214 in time to meet such a deadline, the official (service specific) transmitting correspondence that would normally accompany such an award to a previously discharged service member would suffice until an updated DD-214 could be obtained and presented to the postsecondary institution. However, the updated DD-

214 must be submitted to the postsecondary institution by the start of the student's next term of enrollment for continued eligibility for the waiver. In situations where a service member is on active duty and has not been issued a DD-214, the official (service specific) transmitting correspondence that would normally accompany such an award or a certification of the appropriate combat award by the service specific administrative record holder [e.g., Adjutant, G-1 (general staff officer - personnel), or JAG (Judge Advocate General)] would meet the documentation requirement.

4. A waiver for a Purple Heart recipient or recipient of another combat decoration superior in precedence shall be applicable for 110 percent of the number of required credit hours of the degree or certificate program for which the student is enrolled. This waiver is considered "countable aid" for student financial aid purposes. Therefore, if this waiver is administered by an office other than the college financial aid office, college officials must notify the Director of Financial Aid that a student has qualified for the waiver. The waiver covers only tuition and fees associated with credit hour instruction provided directly by the university and does not include any additional fees that may be charged for specialized programs or by external organizations. This includes, but is not limited to, flight school, study abroad travel and living expenses, and courses taken elsewhere as a transient student.

This privilege may be granted only on a space-available basis, if such classes are not filled as of the close of registration. A university may limit or deny the privilege for courses which are in programs for which the Board of Governors has established selective admissions criteria.
