*The Constitution of the State of Florida, Article IX, Section 7 specifies that it is the Board of Governors responsibility to delineate each State University System institution and its articulation with public K-12 and Florida College System institutions. Doing so ensures the well-planned coordination and operation of the system and avoids wasteful duplication of facilities or programs.*

Section 1007.01, Florida Statutes, specifies its intention to provide articulation between and among universities, Florida colleges, and school districts.

- Provide efficient and effective progression and transfer of students
- Allow students to proceed toward their educational goals as rapidly as possible

- The State University System has been a partner in statewide articulation since the establishment of the statewide articulation agreement in 1975.
- Constitutional authority of Board of Governors was established in 2003 and the Board adopted the articulation agreement in guidelines by resolution.
- Since that time, the Board has addressed a variety of articulation issues in regulation.
  - Common Prerequisites
  - General Education Core
  - Civic Literacy
  - Accelerated Mechanisms
