Article IX, Subsection 7, Florida Constitution and House Bill 7237

BACKGROUND INFORMATION

At the June 18, 2010 meeting a Work Group was formed to develop the appropriate regulations that would guide the universities and the Board when considering new student fees, increases to certain fees that are currently capped, and approval of flexible tuition policies, such as undergraduate or graduate block tuition, block tuition differential, or market tuition rates for graduate-level online courses or graduate-level courses offered through continuing education programs.

The Work Group, consisting of Governors Perez, Franklin, Duncan, and Tripp and Provosts Abele, Glover and Workman, meet via conference call on July 20, August 17 and October 27. Regulation 7.001 was amended to outline the process for submission of market tuition rate proposals and was discussed and approved for public notice during the November 4, 2010 meeting. No public comments were received during the notice period.
