**PROPOSED COMMITTEE ACTION**

Information Only - Update on the Energy Conservation Report

**AUTHORITY FOR BOARD OF GOVERNORS ACTION**

Article IX, Section 7, Florida Constitution

**BACKGROUND INFORMATION**

The Laws of Florida Chapter 2010-155, House Bill 5201, Section 30, required *“Each Florida college and state university shall strive to reduce its campuswide energy consumption by 10 percent. While savings may be accrued by any means, the goal shall be to implement energy use policies or procedures or both and any equipment retrofits that are necessary to carry out this reduction. The reduction may be obtained by either reducing the cost of the energy consumed or by reducing total energy usage, or a combination of both...Each Florida college and state university shall submit a report to the Governor, the Speaker of the House of Representatives, and the President of the Senate by January 1, 2011, describing how they have met or plan to meet the 10-percent energy consumption reduction goal.”*

Staff will provide an update to the Committee on the submitted Report.
