## <u>Recommended Changes:</u>

• Metric 1 (Percent of Bachelor's Graduates Employed and/or Continuing their Education Further 1 Year after Graduation)

Current definition: Percentage of a graduating class of bachelor's degree recipients who are employed full-time making at least minimum wage or continuing their education somewhere in the U.S. Students who do not have valid SSNs and are not enrolled are excluded.

Status: Staff is continuing to gather information on the appropriate wage threshold and the impact of the data. It is anticipated that information will be available by the January Board meeting.

- Tiebreakers
  - 1. Total of excellence and improvement scores
  - 2. Give advantage to higher points earned through excellence
  - 3. Score metric by metric giving a point to the school scoring higher
  - 4. If tied after three tiebreakers, the tie will go to the benefit of the institutions
- Modify Point Scale
  - Double the points from 50 to 100.
  - To be eligible for the state investment and not have to do an improvement plan the minimum total points earned will be adjusted from 26 to 51.

## **Current Population Survey (CPS)**

CPS 3-year average - Data Collected to 2013 to 2015
