OUTSTANDING OWLS DESERVE SCHOLARSHIPS

All potential Owls who complete the admissions application are considered for FAU's merit based scholarships through the Office of Undergraduate Admissions.

Merit based scholarships are limited and competitive.

CAMPUS LIFE

Get involved & find your passion. With over 400+ student organizations, you can volunteer, play intramural sports, better your campus, make lasting friendships, build you resume, and have fun!

SOME POPOULAR STUDENT ORGANIZATIONS

- Fraternity & Sorority Life
- Student Government
- Owl Radio
- Owl TV
- Paintball Club
- Quidditch Club

For more visit: fau.edu/campuslife

CAMPUS LIVING

Live in the heart of campus with suite styled on both FAU Boca & FAU Jupiter campuses.

All first year students are guaranteed a place on campus and required to live on campus if they live more than 30 miles away from the campus they are planning to attend.

We have 25 Learning Communities.
For more visit: fau.edu/housing

ATHLETICS

Whether you are playing on the field or cheering for the team, there is never a dull moment with FAU's 500 Division I student-athletes.

FAU is a proud member of Conference USA.

GO OWLS!

www.fausports.com

OWLS AROUND THE WORLD

Students can study abroad in over 72 countries, for a summer, semester or a year, while earning academic credit.

UNDERGRADUATE RESEARCH

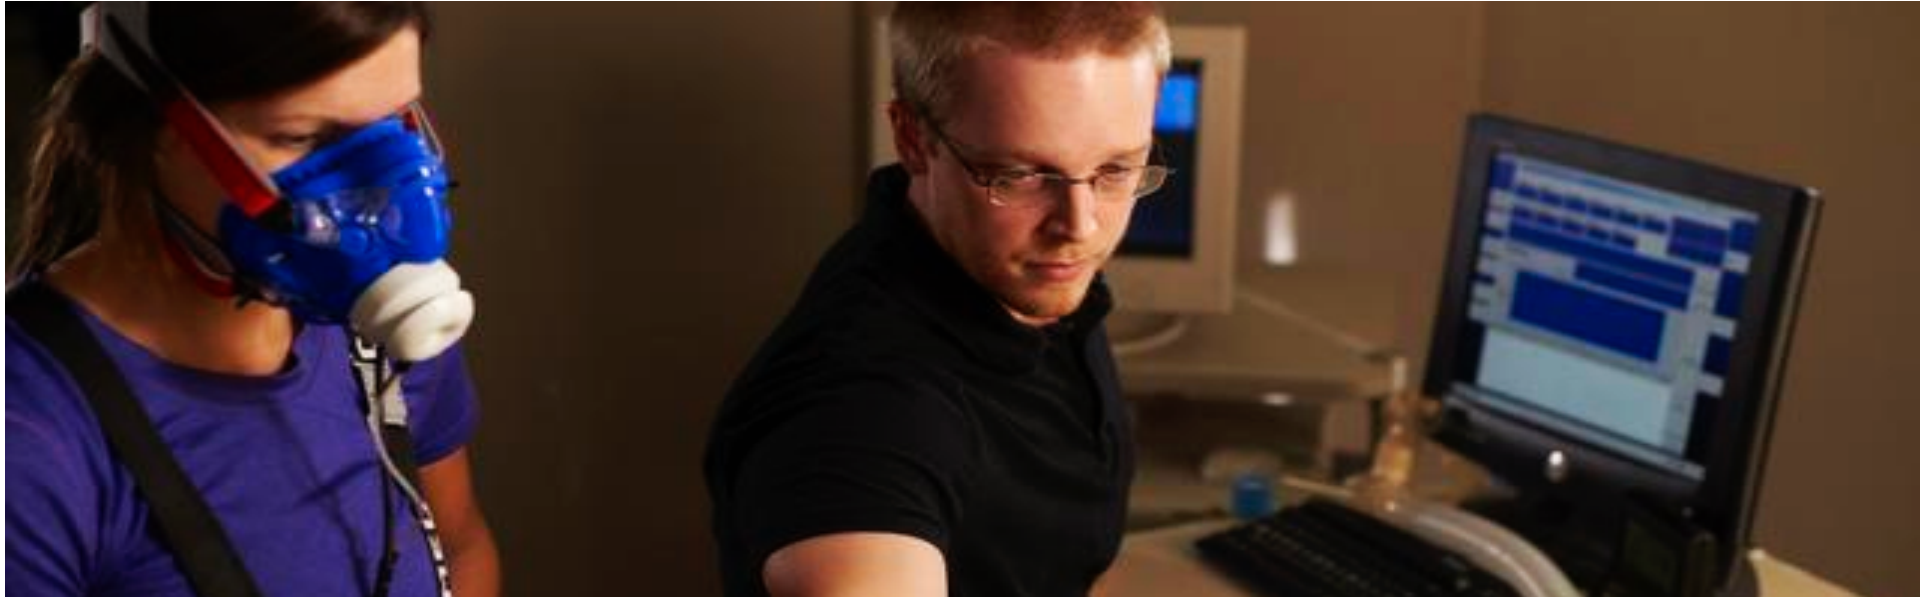

Florida Atlantic University is a research institution and provides students with the opportunity to conduct research as undergraduates in all areas of study under one of our esteemed faculty members.

For more visit: fau.edu/our

TRADE STOCKS

The Trading Room at FAU's College of Business replicates a real-world trading experience and functions as both a classroom & a laboratory.

EXERCISE SCIENCE & HEALTH PROMOTION MAJOR

The Exercise Science and Health Promotion program is one of the fastest growing majors at FAU.

Students learn in state-of-the-art laboratories and conduct innovative research. The program prepares students for careers in physical therapy, sports medicine, rehabilitation, fitness, and health promotion.

JOIN THE SUB[MARINE] CLUB

The FAU Ocean Engineering program was the first in the nation when it was established in 1965.

FAU has a human powered submarine team, which won first place for the best use of composite materials and third place for speed at the 11th International Submarine Race hosted at the Naval Surface Warfare Center Carderock Division in Bethesda, MD.

PRE-HEALTH PROFESSIONS PROGRAM

The Pre-Health Professions Program prepares and advises students who want to apply for admission to professional programs such as:

- Medicine
- Dentistry
- Physician Assistant
- Veterinary Medicine
- Pharmacy
- Optometry

MED DIRECT PIPELINE

The Med Direct Program acts as a pipeline for students to be accepted to FAU as well as receive conditional acceptance to FAU's College of Medicine.

The program offers personal advising for students from not only the Pre-Health Professions undergraduate program, but also are advised and mentored by faculty and student members in FAU's College of Medicine.

FAU ENTREPRENEUR COMPETITION

Teams participating in the competition have the opportunity to meet and network with: experienced venture capital principals, early stage angle investors, successful entrepreneurs, and senior business leaders, who will serve as judges for the competition for best business model.

Students who win the competition receive money to invest in their business and bring to life their business model.

THE SCHOOL OF ARCHITECTURE

The School of Architecture prepares students by developing an understanding of design as an interpretive process, where students will acquire a broadened capacity to recognize societal responsibilities and exercise ethical judgment in improving the quality of our physical environment, and with it, our quality of life.

BACHELOR OF COMMERCIAL MUSIC BUSINESS

The Bachelor degree in Commercial Music Business focuses on composition, technology, and business.

The program offers comprehensive academic and performance training to prepare students for advanced study and professional careers in music.

The program's affiliated record label, Hoot/Wisdom Recordings, affords students hands-on experience in its state-of-the-art studio and lab.

BEGIN WITH THE END IN MIND

We want all of students to begin their FAU journey with the end in mind: their graduation and future career.

We provide the following to each student to help keep them on track for graduation:

- Personal Academic Advising: fau.edu/uas
 - Personal Flight Plans (aka Graduation Plans) For Each Student
- Personal Career Advising: fau.edu/career
 - Selection of Major Advising
 - Internships
 - Job Placement for Graduates

GET GRANTED YOUR HIGHER EDUCATION

The FAU Academic Grant is a 4 year progressive need based grant, approximately worth \$18,000, that will increase each year if annual eligibility and renewal requirements are met.

Consideration for full four years' worth of funding will be given to students who obtain a Bachelor's in less than 4 years and are accepted & enrolled in an FAU Master's program within 2 semesters of receiving their Bachelor's degree.
