SUBJECT: 2019 System Accountability Plan

PROPOSED BOARD ACTION

Consider approval of the 2019 System Accountability Plan

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution; Board of Governors Regulation 2.002

BACKGROUND INFORMATION

Regulation 2.002 requires the Board of Governors to annually submit institutional accountability plans and a system summary to the Governor, the President of the Senate, and the Speaker of the House of Representatives. At its June, August, and October 2019 meetings, the Strategic Planning Committee considered approval of the 2019 accountability plans for each State University System institution. Based on the data and information provided in the institutional accountability plans, Board staff analyzed system-level data and created the 2019 System Accountability Plan. This plan was presented to the Strategic Planning Committee at its August 28, 2019 meeting. The System plan was not considered for approval at the August meeting as Florida International University made a revision to its graduate awards goals that required its Board of Trustees to approve the revised plan. The revised FIU plan was approved by the FIU Board of Trustees on September 18, 2019.

The Strategic Planning Committee considered approval of the 2019 System Accountability Plan at its October 30, 2019, meeting. The Strategic Planning Committee Chair will provide a recommendation to the full Board.
