

## LEGISLATIVE SUMMARY 2020 SESSION

#### Florida Board of Governors State University System of Florida

325 West Gaines Street, Suite 1614 Tallahassee, FL 32399 Phone 850.245.0466

Fax: 850.245.9685

#### **MEMORANDUM**

TO: Members, Board of Governors

FROM: Marshall M. Criser III, Chancellor Marshafty. Cise

DATE: July 24, 2020

RE: Final 2020 Legislative Session Summary Document

This document provides an executive summary of the operating budget, fixed capital outlay budgets, and legislation passed by the Legislature during the 2020 Legislative Session and signed by the Governor. The Governor has announced a hold back of 6% in general revenue and lottery funding starting July 1. The total hold back for the SUS is approximately \$196 M. However, unless there is legislative action prior to June 30, 2021 adopting this hold back as permanent, the Governor would eventually have to release these funds.

The following are highlights with further detail included in the document:

- Operating Budget highlights:
  - A total budget of \$5.16 billion, an increase of \$60 M over the current year base budget (after vetoes).
  - Support for Pillars of Excellence:
    - \$560 M in continued support for Performance-based funding.
    - \$30 M for National Rankings (UF and FSU).
    - \$9 M for Universities of Distinction (\$6 M for UNF MedNex and \$3 M for FGCU Water School).
  - \$3.8 M for UF-IFAS Workload (matches the Board's request).
  - \$49.5 M in Operational Support:
    - \$25 M for UF.
    - \$17 M for FIU.
    - \$2 M for FAU.
    - \$2.5 M for USF-Sar/Man.
    - \$3 M for USF St. Pete.

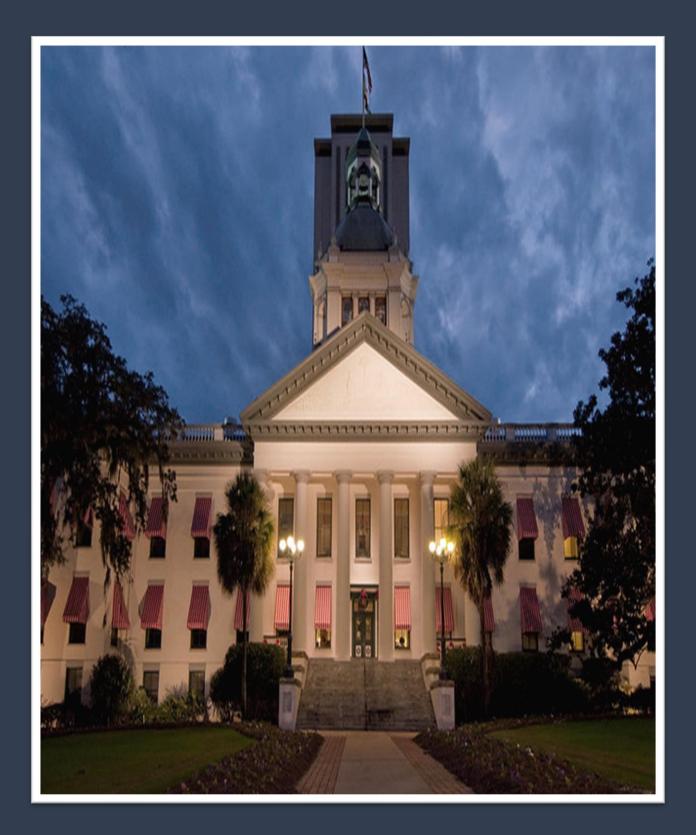

- \$64.4 M in vetoes that include \$15 M for Universities of Distinction, \$29.4 M for Complete Florida Plus Program at the UWF, and \$20 M in other university initiatives.
- Fixed Capital Outlay Budget highlights:
  - \$48 M for Capital Improvement Fee Projects.
  - o No new funding for Maintenance, Repair, or Renovation.
  - \$92.7 M for 6 PECO Projects:
    - \$14.9 M for FGCU School of Integrated Studies & Coastal Watershed.
    - \$35 M for UF Data Science.
    - \$8.3 M for FIU Engineering.
    - \$8.3 M for UF PK Yonge Lab School.
    - \$11 M for FAU Jupiter.
    - \$15 M for FAU Henderson Lab School.
  - \$20 M for the FSU College of Business was vetoed
- Senate Bill 72 was the higher education bill this year and included the following:
  - Creates the Universities of Distinction program, allowing the universities to create unique plans and initiatives targeted towards their pre-existing successes to allow them to increase their national rankings,
  - Modifies the performance-based funding model by including two new metrics: 6-year graduation rates for students who receive a Pell grant in their first year; and 2-year graduation rates for Associate in Arts (AA) transfer students,
  - Allows universities to use carryforward funding on expenses related to a Governor-declared emergency and changes the dates for submission and approval of the carryforward spending plans,
  - o Removes the funding requirement for emerging pre-eminent universities,
  - o Modifies eligibility for the Florida Medallion Scholarship; and
  - Requires the Board of Governors' legislative budget request to include additional information on faculty and administrator staffing at the universities as well as define faculty and administrator classifications.
- Senate Bill 646 prohibits any postsecondary institution from preventing students participating in intercollegiate athletics from receiving compensation for the use of the athlete's name, image, or likeness.

- Senate Bill 664 requires public employers to register with and use an employment verification system.
- House Bill 171 requires the Board of Governors to create a uniform system for evaluating and awarding postsecondary credit to service members and veterans for college-level training and education acquired in the military.

If you have any questions or need additional information, please let me know.

| 2 | HB 1  | 171 | Postsecondary<br>Education for Certain<br>Military Personnel | Requires BOG & SBE to create uniform system for award of postsecondary credit to certain service members & veterans; provides process for award of postsecondary credit for military experience & credentials; requires specified postsecondary institutions to waive transcript fee for active duty members, certain veterans, & their spouses & dependents.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Upon<br>becoming<br>law | Enrolled       | 1. Requires Board adopt regulations, in consultation with the DVA, that create a process that enables eligible service members or veterans of the United States Armed Forces to earn uniform postsecondary credit across all Florida public postsecondary educational institutions for college-level training and education acquired in the military. The regulations and rules shall include procedures for credential evaluation and the uniform award of postsecondary credit or career education clock hours, including, but not limited to, equivalency and alignment of military coursework with appropriate postsecondary courses and course descriptions.  2. The Articulation Coordinating Committee will convene a workgroup by July 15, 2020, which is responsible for developing a process for determining postsecondary course equivalencies and the minimum postsecondary credit or career education clock hours that must be awarded for courses taken and occupations held by individuals during their service in the military.  3. The workgroup will provide recommendations to the Board of Governors and the State Board of Education by December 1, 2020, for approval at the next meeting of each board to allow for adequate public notice.  4. The ACC will facilitate the review of courses taken and occupations held by individuals during their service in the military for postsecondary course equivalencies and the minimum postsecondary credit or career education clock hours that must be awarded in accordance with the approved process. Within one year after approval, the ACC must approve prioritized list of postsecondary course equivalencies and the minimum postsecondary credit or career education clock hours that must be awarded for courses taken and occupations held by individuals during their service in the military.  5. The list must be updated annually.  6. The Board and SBE will timely adopt the list approved by the ACC at the next meeting of each board to allow for adequate public notice.  7. State universities must award postsecondary credit bas |
| 3 | SB €  | 646 | Intercollegiate Athlete<br>Compensation and<br>Rights        | Postsecondary Student Athletes; providing requirements for contracts made by a minor or his or her parent or guardian relating to the licensing of the minor's name, image, or likeness while participating in intercollegiate athletics; prohibiting a postsecondary educational institution from preventing students participating in intercollegiate athletics from earning specified compensation; prohibiting certain organizations from preventing such students from earning specified compensation; prohibiting certain entities from preventing students participating in intercollegiate athletics from obtaining professional representation, etc. A postsecondary institution shall conduct a financial literacy and life skills workshop for a minimum of 5 hours at the beginning of the intercollegiate athletes first and third academic years. The Board of Governors and the State Board of Education shall adopt regulations and rules to implement section 1006.74 | 7/1/2021                | Enrolled       | Requires an institution conduct a financial literacy and life skills workshop for a minimum of 5 hours at the beginning of the intercollegiate athlete's first and third academic years.      Requires the Board adopt a regulation to implement section 1 of the bill.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

| 10 | SB  | 1714 | Sale of Surplus State-<br>owned Office<br>Buildings and<br>Associated<br>Nonconservation<br>lands | The bill removes the requirement that state universities and Florida College System institutions be offered the opportunity to lease a building or parcel of land with priority consideration before the same property is offered to another government entity or private party. The bill also requires that, when appraising the value of surplus lands, the Division of State Lands must base the value on the "highest and best use" of the property after considering any applicable developmental rights.        | 7/1/2020                | Enrolled       | No action required.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| 11 | SB  | 664  | Verification of<br>Employment Eligibility                                                         | Requiring public employers and certain contractors and subcontractors to register with and use an employment verification system by a specified date; requiring employers who meet specified criteria to register with and use an employment verification system to verify the employment eligibility of new employees; authorizing the imposition of fines for violations of the act; creating a rebuttable presumption for certain employers that the employer did not knowingly employ an unauthorized alien, etc. | 7/1/2020                | Enrolled       | Beginning January 1, 2021, requires every public employer, contractor, and subcontractor to register with and use the E-Verify system to verify the work authorization status of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system.      Requiring a public employer, contractor, or subcontractor who has a person or entity with which it is contracting to have knowingly violated s. 448.09(1) should terminate the contract with the person or entity. A contract terminated is not a breach of contract and may not be considered such. |

## PERFORMANCE FUNDING

## Board of Governors Performance Funding Model Overview

The Performance Funding Model includes 10 metrics that evaluate the institutions on a range of issues. Two of the 10 metrics are Choice metrics; one picked by the Board and one by the university boards of trustees. These metrics were chosen after reviewing over 40 metrics identified in the University Work Plans.

The model has four guiding principles: 1) use metrics that align with SUS Strategic Plan goals, 2) reward Excellence or Improvement, 3) have a few clear, simple metrics, and 4) acknowledge the unique mission of the different institutions.

#### Key components of the model:

- Institutions will be evaluated on either Excellence or Improvement for each metric.
- Data is based on one-year data.
- The benchmarks for Excellence were based on the Board of Governors 2025 System Strategic Plan goals and analysis of relevant data trends, whereas the benchmarks for Improvement were determined after reviewing data trends for each metric.
- The Florida Legislature and Governor determine the amount of new state funding and an amount of institutional funding that would come from each university's recurring state base appropriation.

#### **Metrics Common to all Institutions:**

Seven metrics apply to all eleven institutions. The eighth metric, graduate degrees awarded in areas of strategic emphasis (8a), applies to all institutions except New College. The alternative metric for New College (8b) is "freshman in the top 10% of graduating high school class."

| Metrics Common                                         | to all Institutions                               |
|--------------------------------------------------------|---------------------------------------------------|
| 1. Percent of Bachelor's Graduates Employed            | 6. Bachelor's Degrees Awarded in Areas of         |
| (Earning \$25,000+) or Continuing their Education      | Strategic Emphasis                                |
| 2. Median Wages of Bachelor's Graduates                | 7. University Access Rate (Percent of             |
| Employed Full-time                                     | Undergraduates with a Pell-grant)                 |
|                                                        | 8a. Graduate Degrees Awarded in Areas of          |
| <b>3.</b> Average Cost to the Student (Net Tuition per | Strategic Emphasis                                |
| 120 Credit Hours)                                      | <b>8b.</b> Freshman in Top 10% of Graduating High |
|                                                        | School Class - for NCF only                       |
| <b>4.</b> Four Year Graduation Rate (Full-time FTIC)   | 9. Board of Governors Choice - Percent of         |
| 4. Four Tear Graduation Rate (Fun-time FTIC)           | Bachelor's Degrees without Excess Hours           |
| 5. Academic Progress Rate (2nd Year Retention          | 10. Board of Trustees Choice                      |
| with GPA Above 2.0)                                    | 10. Dodia of Trustees Choice                      |

**Board Choice Metric -** All universities should be working to improve the percentage of degrees awarded without excess credit hours.

**Board of Trustees Choice Metric –** Each Board of Trustees has chosen a metric from the remaining metrics in the University Work Plans that are applicable to the mission of that university and have not been previously chosen for the model.

#### How will the funding component of the model work?

To ensure each university is striving to excel and improve on key metrics, there must be a financial incentive. That financial incentive will not only be new state funding, but an amount of the base state funding reallocated.

## Board of Governors Performance Funding Model Overview

#### **State Investment versus Institutional Base Funding:**

The amount of the state investment appropriated by the Legislature and Governor for performance funding will be matched by an amount reallocated from the university system base budget. These "institutional base" funds are the cumulative recurring state appropriations the Legislature has appropriated to each institution. Any state investment funding appropriated would be allocated as follows:

#### <u>Institutional Base Funding Allocation</u>

- 1. A prorated amount will be deducted from each university's base recurring state appropriation.
- 2. On a 100-point scale, a threshold of 55-points is established as the minimum number of total points needed to be eligible for the institutional investment. Beginning in Fiscal Year 2021-22, a threshold of 60-points is established as the minimum number of points needed to be eligible for the institutional investment.
- 3. Any institution that fails to meet the minimum point threshold for the institutional investment must submit an improvement plan to the Board for consideration at its August/September meeting that specifies the activities and strategies for improving the institution's performance. As of July 1, 2016, an institution is limited to only one improvement plan.

#### State Investment Funding Allocation

- 1. Each university metric is evaluated based on Excellence or Improvement and has ten benchmarks ranging from low to high. The lowest benchmark receives one point, while the highest receives ten points. The higher point value for Excellence or Improvement on each metric are counted in the university's total score.
- 2. The state investment will be allocated based on points earned, with a maximum of 100 points possible.
- 3. On a 100-point scale, institutions with the top 3 scores are eligible for their proportional amount of the state's investment. In the case of a tie for the top 3 scores, the tie will go to the benefit of the institutions.
- 4. All SUS institutions with a score the same or higher as the previous year, are eligible for their proportional amount of the state's investment.
- 5. Any institution with a score less than the previous year but the previous year's score was higher or the same than the year before, are eligible for their proportional amount of the state's investment.
- 6. Any institution with a score the same or lower than the previous year's score for two consecutive years must submit a student success plan to the Board for consideration at its August/September meeting that specifies the activities and strategies for improving the institution's performance metrics in order to be eligible for their proportional amount of the state's investment. The baseline scores begin with the June, 2018 results.
- 7. Beginning with the Fiscal Year 2021-22 appropriation, any institution with a score lower than 70 points must submit a student success plan to the Board for consideration at its August/September meeting that specifies the activities and strategies for improving the institution's performance metrics in order to be eligible for 50 percent of their proportional amount of the state's investment.

<sup>\*</sup>Blank cells indicate a score of 10 on Metric 10

In November 2018, University Boards of Trustees chose a new or updated metric 10. The BOG approved the metrics and planned to collect the data, and set the benchmarks based on the most recent data. The most recent data was set to score 7 points. The Board planned to not implement the new metrics in the following year's cycle (2019) but to wait until 2020. This provided 2 years of data in order to measure improvement. By adding back lost points in metric 10 (previously all universities received 10 points), no university's decline in score will be impacted by the metric 10 changes.

#### 2020 Performance-Based Funding Model Final Metric Score Sheet

Scores in black are based on Excellence.

Scores in orange are based on Improvement.
