BOARD OF GOVERNORS
Strategic Planning Committee
July 21, 2020

SUBJECT: Pillars of Excellence: Revised Spending Plans

PROPOSED COMMITTEE ACTION

Consider approval of revised spending plans for universities receiving funding as part of the Board of Governors Pillars of Excellence initiative.

AUTHORITY FOR BOARD OF GOVERNORS ACTION

Article IX, Section 7, Florida Constitution

BACKGROUND INFORMATION

At its August 29, 2019 meeting, the Board of Governors identified three Pillars of Excellence as a framework for funding System initiatives. The Pillars included: Performance Based Funding, Universities of Distinction, and Preeminence/National Ranking. Universities of Distinction is designed to support the nine non-preeminent institutions in the State University System. In the fall of 2019, institutions submitted proposals to the Board of Governors that identified a program or program area that is a core competence capable of reaching national or state excellence. Universities of Distinction was formally established by the 2020 Legislature, in section 1001.7065, Florida Statutes.

The 2020 Legislature provided \$6 million to the University of North Florida and \$3 million to Florida Gulf Coast University to support the Universities of Distinction Pillar. Additionally, the legislature provided \$15 million to the University of Florida and \$15 million to Florida State University to support the Preeminence/National Ranking pillar. The Board requested updated spending plans for the four institutions that received funding in the 2020 legislative session since the funding provided was less than the amounts requested.

Dr. Christy England, Vice Chancellor for Academic and Student Affairs, will provide an overview of the revised plans for the University of North Florida, Florida Gulf Coast University, the University of Florida, and Florida State University to the Strategic Planning Committee to consider for approval.
