2011-12 New Fees and Increase to Existing Fee Proposals**

Univ.	Fee	Amount (per credit hour unless noted)	% of UG Tuition (if appropriate)	Estimated Revenue	Description	Budget Committee Actions (2/10)
FSU	Student Safety & Security	\$0.97	1.01%	\$1,039,429	Aid in the provision of necessary safety and security services for students. Fund 15 positions; 9 law enforcement officers, 3 security guards, 2 communications operators and 1 information technology position. Seven of these positions are currently funded with federal stimulus funds.	Recommend Denial
FIU	Test Preparation	TBD	NA	fee is at cost	The purpose of the fee is to increase accessibility to test preparation courses in programs where students are expected to obtain specific preparation for a practice-based examination. By making the test preparation a required part of the curriculum, the fee will be part of the cost of attendance and thus eligible for financial aid. Additionally, the fee is anticipated to lower the total cost to students who complete examination preparation courses by negotiating a contract rate that is significantly less than what is available through private, for-profit providers. The fee will only be charged during the students last semester. Only those students in certain programs where licensing to practice requires successful completion of an examination and where FIU provides this preparation, through a third party vendor, would be charged the fee. Initially, this would be only for students in the College of Law for the Bar preparation course, but may be extended to other programs such as Nursing for the NCLEX preparation course.
